PRODUCT FACT SHEET

BONBON SHADE

DESIGN BY ANA KRAŠ, 2019

Inspired by her drawings, Ana Kraš' woven Bonbon Shades are produced using an original technique to create textured, one-of-a-kind pieces. Every shade is hand woven with nylon-wool yarn around a powder-coated steel frame, resulting in individual lampshades that vary slightly in their appearance and surface aesthetic. Bonbon is available in several designs and sizes – as table/floor lamps or pendants – depending on the chosen cord set, but stands equally well alone as a powerful decorative object even when the bulb is not switched on.

HIGHLIGHTS

- A family of hand-woven lamp shades that transcends art and design boundaries.
- High quality fabric, 80% wool, 20% nylon yarn mix.
- The cord sets for the lamps are sold separately and are available in two designs – a table/floor variant with an in-line on/off rocker switch, and a pendant variant for ceiling lamps.
- Both cord sets come without a bulb.
- Available in different sizes and colours.
- Suitable for both private and office environments.
- For indoor use only.
